

INDEX

- ArchiCAD, 6–7, 9, 53, 60, 84
- assistant quantity surveyor, 126–27
- barriers, 57, 67
- bentley, 23, 53, 60, 84
- bills of quantities, 126, 131
- BIM. *See* building information modelling
- building information modelling, 36
 - coordinator, 101, 118–19
 - execution plan, 23, 25, 94, 96
 - implementation, 82, 94
 - manager, 101, 109, 113, 115, 118
 - model, 5, 6, 8, 12, 36, 53–54, 76, 100
 - 3D, 81
 - 4D BIM, 52–54, 60
 - 5D BIM, 129–30
- clash detection, 39, 56, 83
- collaboration, 8, 26, 39, 83
- construction management, 6, 8, 129
 - coordination, 81, 83, 88, 98, 103
 - cost estimating, 6, 130
 - cubicost, 130, 134
- data exchange, 7–9, 130
- design changes, 76, 78–80, 82
- design process, 82
- design for safety, 53, 61
- DfS. *See* design for safety
- digital data exchange, 104, 120–21
- heritage building information modelling, 37–39, 41–42
- HBIM. *See* heritage building information modelling
- HKIS BIM contract
 - conditions, 104, 111–21
- industry foundation classes, 9
- information sharing, 76
- integration, 81, 54
- interoperability, 9–11, 40, 84
- level of development, 98
- object-oriented, 53

- parametric modelling, 130
117–21
- quantity surveyor, 125, 127–28
- quantity take-off, 134, 130
- safety management, 52
- Singapore BIM particular
conditions, 95, 104, 113–15,
- tekla, 53, 60
- value engineering, 80, 130
- visualisation, 53–56
